- ▶ Security
- ▶ Data Migration
- ▶ Compliance
- ▶ Green Technology
- ▶ Compatibility
- ▶ Power Consumption
- ▶ Accessibility
- ▶ Removability
- ▶ Capacity - Extendable

Table of contents from each disc will be copied to the PC. The software will determine the disc placement inside the storage device. LED will light up to mark the slot the disc will have to be placed in.

Archive (copy & Print) the data from the server to Blu-Ray disc with the Optical Disc Archiving System
